

# NCR RealPOS™ 30

## POS Workstation

Looking for a POS solution that provides extreme value?

YES

### NCR RealPOS 30 POS workstation—the compact value solution

The NCR RealPOS 30 delivers a compact space-saving design, flexible configuration options and superior investment protection. An affordable POS solution optimized for retail, the NCR RealPOS 30 supports a broad range of certified NCR peripherals and applications.

- **Compact space-saving design**

Intended to conserve valuable space at the checkout, the NCR RealPOS 30 is a compact POS solution that combines the security of a retail-hardened design with the performance and flexibility of industry-standard PC technology.

- **Flexible configuration options**

The NCR RealPOS 30 offers flexible configuration options with support for both modular and integrated POS environments. The modular configuration allows the POS terminal to be placed where convenient, either above or below the counter. With the optional integration enclosure, the RealPOS 30 terminal can be combined with a wide variety of peripherals in an attractive, unified workstation that sits on the countertop.

- **Superior investment protection**

The NCR RealPOS 30 offers a stable, managed platform for extended POS rollouts, and features Intel®-embedded components that enable the long support lifecycles that retailers expect. In total, we provide quality and reliability that protect your investment over time.
